In the depths of space a holocaust has occurred. Intelligent and hostile alien life-forms have taken over the Military Research Unit in the planet Azarin 2E. Chaos and destruction have been wrought on the innocent colonists.

Now it's your job to reclaim the station for humankind. Travel through the tractless voids of space, then endure over 65 levels of Alien blasting mayhem. Watch your ammunition and energy levels in preparation for the showdown with the Alien Queen.

- Fantastic new 'retreat' mode, fire as you back off
- Over 65 huge levels of Alien blasting
  Including Alien Breed II - The Horror Continues
- Non-linear game sequence - Over 250 ways to complete the game
- New aliens - Cocoon aliens, invisible aliens and more
- Dark levels where you can only spot the Aliens by their baby-blue eyes!
- CD version feature stunning 3D space-opera animation
